LEAD KING REPORT.

Engineer Gives Duck Creek Proper ty a Good Sendoff.

trustees of the Lead King Mining ling company, of this city, are pre-to send out to the stockholders a of the condition of the properties aring to send out to the stockholders a eport of the condition of the properties hade at a meeting yesterday by Engineer red P. Jacobs. On account of his inerted removal from the city the resignation of F. C. Robinson as secretary and reasurer was accepted, and George F. Godwin was elected in his place, to take fleet March 1. From the report present the Duck Creek mines of the company of the properties and the properties of the properties of the company of the properties of the company of the properties of the pro

pared the Duck Creek mines of the company appear to be in prime condition. Engineer Jacobs says:

"On the Morning Star an incline has been driven for a distance of seventy feet. Ore is exposed on both sides and for the total length of the incline. This fincline runs in an easterly direction, following the dip of the vein. The ore taken out was shipped and ran from 2 to 81½ per cent lead. A drift about thirty feet from the top and running twenty feet to the south, also shows ore well exposed along the sides and in the face. At the bottom of this incline are two drifts running morth and south respectively, each following the strike of the vein. The south drift is thirty-eight feet and the north drift is thirty-eight feet and the north drift. The stoping ground thus blocked but the stoping ground thus blocked but the south well as the stoping ground thus blocked but the stoping and the st lieve that it will continue indefinitely, as the galena is exposed along the surface outcroppings for thousands of feet. The

depth of the ore chute also remains un-determined as the incline is still in ore LIVESTOCK MARKETS.
